2026 Short-term Korean Language Program

1.Program Introduction

This is an intensive Korean language program offered every summer and winter for two to three weeks. The program aims to improve participants' Korean language proficiency through speaking activities based on vocabulary and grammar related to the topics covered in each unit. In addition to Korean language classes, cultural classes are provided, giving participants opportunities to experience Korean culture firsthand.

2.Educational Content

Korean language classes are held four days a week, while one day is dedicated to Korean cultural activities. Applicants may select and apply for the level that best matches their Korean language proficiency. Depending on the level, participants will develop the ability to communicate in a variety of discourse situations, ranging from basic and everyday topics to social and abstract subjects.

Level	Learning Objectives	Textbook
Introductory	Students can learn basic vocabulary and understand and produce simple sentences. They can also perform basic communication functions needed in everyday life, such as greeting others, introducing themselves, and ordering food.	빨리 배우는 한국어 1
Level 1	Students can ask and answer questions about past and future events using basic and everyday topics. They can also perform communication functions such as talking about their daily routines, introducing a restaurant, and asking about transportation.	빨리 배우는 한국어 1 빨리 배우는 한국어 2
Level 2	Students can participate in conversations about everyday topics such as travel and hobbies, as well as simple conversations in familiar public situations. They can perform communication functions such as talking about personal experiences, making introductions, making appointments, and asking and answering questions about information.	한양 한국어 2
Level 3	Students can express their experiences and opinions in detail on everyday topics and participate in conversations in frequently encountered social situations. They can perform communication functions such as making recommendations, purchasing products, and requesting exchanges or refunds.	한양 한국어 3
Level 4	Students can participate in discourse related to familiar social and abstract topics, such as leisure activities and interpersonal relationships. They can perform communication functions such as explaining, introducing, comparing, recommending, and giving advice.	한양 한국어 4
Level 5	Students can participate in discourse related to social and abstract topics, including Korean cultural values and perspectives, education, and incidents and accidents. They can perform communication functions such as making comparisons, expressing opinions, raising issues, and summarizing information.	한양 한국어 5
